Meeting Date: Friday 1 February 2019

The Advancing Kidney Care 2026 Collaborative (the Collaborative) is a partnership established under the sponsorship of the Queensland Health Service Chief Executives Forum. The Collaborative’s role is to lead implementation of the strategic directions for kidney health and care in Queensland as identified through a state-wide review and planning process. The membership of the Collaborative comprises consumers, clinicians, executives of Hospital and Health Services and the Department of Health.

- The Advancing Kidney Care 2026 Collaborative held its fifth meeting on 1 February 2019.
- Discussions at this meeting included:
  1. Noting that the seven clinical working groups have commenced work to develop standardised patient pathways, resource profiles, quality statements and outcome measures. All working groups have a high level of engagement. Membership of the working groups includes kidney specialists, nurses, consumers, general practitioners, allied health professionals and Aboriginal and Torres Strait Islander health workers from across Queensland. Each working group is lead by a senior Queensland Health kidney specialist.
     - Acute kidney injury
       Lead: Sree Krishna Venuthurupalli, Darling Downs Hospital and Health Service
     - Chronic Kidney Disease
       Lead: Dr Krishan Madhan, Wide Bay Hospital and Health Service
     - Haemodialysis Vascular Access
       Lead: Dr Murty Mantha, Cairns and Hinterland Hospital and Health Service
     - Haemodialysis
       Lead: Associate Professor Nicholas Gray, Sunshine Coast Hospital and Health Service
     - Peritoneal Dialysis
       Lead: Dr Yeoungjee Cho, Metro South Hospital and Health Service
     - Transplant
       Lead: Dr Scott Campbell, Metro South Hospital and Health Service
     - Kidney Supportive Care
       Lead: Associate Professor Helen Healy, Metro North Hospital and Health Service
  2. Discussion of the AKC2026 funding workshop planned for Wednesday 13th February. The aims of the workshop are to:
     a. Ensure the outputs of the Clinical, Funding and Information Systems workstreams of the AKC2026 Collaborative align and are complimentary.
     b. Clarify for the Clinical Workstream Members how the working group outputs will be used to inform the funding model.
     c. Provide an opportunity for the Clinical, Funding and Information Systems workstream members to discuss with each other, and to reach a mutual understanding of each other’s aims, approaches and outputs.

The next meeting of the Collaborative is on Friday 1 March 2019. Any queries about the Collaborative and its work priorities can be emailed to AKC2026Collaborative@health.qld.gov.au.
